

## ASCIA – NACE HotPubs Travel Grants Policy

The NACE Travel Grants program supports postgraduate students and early-mid career researchers to showcase Australian allergy research at the annual Australasian Society of Clinical Immunology and Allergy (ASCIA) Conference.

Travel Grants can be used to support your presentation on allergy research at the Hot Publications (HotPubs) session on the Tuesday program of the conference.

*(Note: Food allergy researchers are encouraged to apply for the [CFAR Symposium HotPubs](#) session on the Wednesday program.)*

Applicants whose allergy research has been submitted or accepted for publication in a peer-reviewed journal within the previous 12 months will be invited to apply to present their work in the NACE HotPubs session.

Travel support includes:

- Your flights (must be Red-E deal or equivalent)
- In-person registration for the ASCIA Conference Tuesday Program (\$A280-380)
- ASCIA will provide complimentary registration for the Wednesday and Thursday Program.

An application call will be issued around mid-June each year for the NACE HotPubs Travel Grants.
